

Baby

I am a baby, six foot tall
Banging like crazy against the wall
All work and no play make Jack a dull boy
I want my playmates, my RC, my bottle,
My diapers and more new toys

Mama, show me some love
Mama, show me some love

I am a spaceman, gravity means nothing to me
Earth on a plate served with a red button in my limousine
Peel it and drain it, drink the juice
Roll down the window, throw out the skin, it's of no use

Mama, show me some love
Mama, show me some love
Mama, show me some love

I've had the world I'm off for the sun
Just had the world I'm off for the sun

I am a baby, armed to the bone
I am a baby, crowned on a throne
I am a baby playing God
I'm just a baby, I kid you not

Mama, show me some love

I've had the world I'm off for the sun, the sun
I've had the world I'm off for the sun, the sun
